Hi Bill,
I don't know you very
well and I should though
maybe next year we'll
have some class together
again. Maybe I'll see more
of you this summer. Being
you only live across the street.
Got to go. Always

SPOKANE STREET BRIDGE

PRINCIPAL'S MESSAGE

Our car rolls swiftly and smoothly across a great bridge. We appreciate its usefulness. We marvel at its grace and beauty. We feel secure on its strong foundations. But we are apt to forget for the moment that its real foundations were laid in the vision and skill of the bridge builder.

Great as our bridge is, there are greater bridges yet to be built. To build them we will need knowledge, creative imagination and faith. The knowledge may be had for the seeking. The creative imagination can be developed through practice. But the faith must be built slowly, block by block, out of our experiences of living and working together. Together we can build bridges which will reach across all obstacles and bring us to peace and understanding.

CECIL F. BULLOCK

VICE-PRINCIPAL'S MESSAGE

Have you ever seen a bridge that was essential? I don't mean convenient, or desirable, or helpful. I mean just essential. In almost all cases we find other ways to get to the other side of whatever it is that bridges cross. So nobody can say that we must have bridges. But think what would happen if we didn't have them!

As with bridges, so with education. Education carries us over barriers, from savagery to understanding. We don't have to have schools, but every other way of learning requires more time, more money, more energy, and more pain.

Society builds bridges because they are convenient. Society builds schools because they have proved to be the best way of transmitting knowledge and culture.

A black and white photograph showing a radio broadcast. On the right, a man in a light-colored suit and tie stands with his hands in his pockets, looking towards the left. A microphone on a stand is positioned in front of him. On the left, two women are standing; the one in front is wearing a light-colored short-sleeved shirt and dark pants, and the one behind her is wearing a dark top. They appear to be looking at a book or document. In the background, a large, boxy speaker is visible, along with some other equipment and a window. The setting appears to be a radio studio or a room set up for a broadcast.

A row of four black and white headshots of the Class of 1954 members. From left to right: a young man with short, light-colored hair wearing a suit and tie; a man with short, dark hair wearing a suit and tie; a man with dark hair, slightly wavy, wearing a suit and tie; and a woman with short, light-colored hair, wearing glasses and a light-colored top.

A black and white portrait of a woman with short, dark, wavy hair. She is wearing round, dark-rimmed glasses and a single-strand pearl necklace. She is looking directly at the camera with a slight smile. The background is a plain, light color.

AWARDS

WILLARD SHIELD

Each year the name of the girl and boy who have made the most outstanding contribution to the school is inscribed on the Willard Shield. The shield was given to the school in memory of Bill Willard, who died from injuries received on the football field, by his class. This year the name of Rheta Whitman and Joe Ramseyer are added to the shield.

C. S. G.

Looking over the year, we find that the students and faculty alike have agreed that C.S.G. has had a successful year. The first part of the year we devoted most of our time establishing new reforms in student government. Some of these new ideas include: Period committees, commission applications, activity cards, and a newly revised point system. We were extremely fortunate to have had such a capable cabinet and council working with us.

The latter part of the year was taken up in the usual spring activities, highlighted by the elections and C.S.G. week. C.S.G. week this year was made to include not only the traditional West Seattle Pioneers' Day, but also, for the first time, an impressive installation assembly for our new officers.

Boys'

The boys who usually do the real work in Boys' Club rarely find themselves recognized, so I would like to take these few lines to convey my thanks to some swell workers.

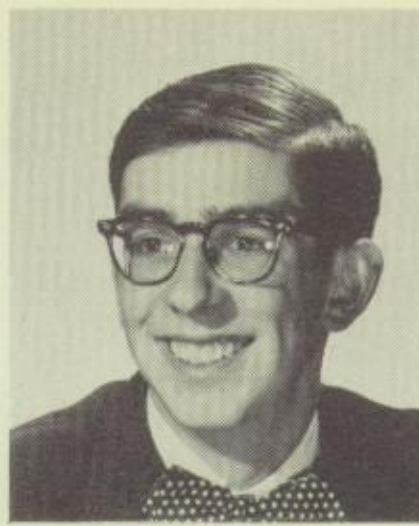

There was a good spirit of teamwork between Rod Williams and the representatives who always found ways to put things over. Although our assemblies were few, they were really swell through Doug Pascoe's efforts. The thankless job of recording minutes and records was handled by Dave Hill.

Here's roses to Bob Lingenfelter, Bob Johnson, and Dan Miller who took the initiative to form an attendance committee, which brought everyone to the meetings. Jerry Von Talge, who talked some boys into writing articles for our new paper, the "Chieftain," which is still a papoose. Those who wrote the articles were Ray Halton, Jack Mappin, Dan Cronk, Ted Orliss, Larry Pierce, Joe Knighton, and Bob Johnson. The laughing gas in the form of "Smiles by Miles," thanks a lot, Ken.

Club

We really shared Christmas again with Dan Cronk as chairman, Mike Butler and Byron Cole as Committee heads.

Tom Wallitner and his crew showed what leaves and work could do at the Harvest Moon Ball. Assisting him were Dick Yantis, Neil Dixon, Craiy Wallitner, and Jerry Von Talge.

As this article is being written, Jack Mappin and his boys are promoting the annual paper drive with committees headed by Mike Butler, Bob Kinch, and Rod Williams.

I would like to show special appreciation to all the representatives who showed a real interest in their Boys' Club. They deserve a lot more credit than they receive.

Last, but not least, on behalf of the representatives, the cabinet, and the boys, I would like to thank Mr. Franks and Mr. Long, who accepted the job of being our counselors.

Sincerely
NEIL WALLACE,
President of Boys' Club.

The students are cutting galleys (separate page columns of all the stories, type set at the printers). The individual stories will be cut and pasted on a page dummy (page plan) in the order in which they will appear on the completed paper. These dummies are drawn up every week by each page editor.

It is the responsibility of each reporter to check the stories he has written for typographical errors.

The galleys are then returned to the printers for a final page set-up. Friday afternoon additional students help to count and fold the papers for distribution to YOU.

Letter winners who will be back to bolster the team during 1953 are Walt Wagner, Dave Leland, Owen Martin, Louis Tice, Don Anderson, Bill Phelan, Teddy Paull, Wayne Traversie, Primo Baccetti, and Tom Vincent.

The most valuable player award and most tackles went to Guard Dave Leland.

West Side gridders had an off-and-on season in 1952 as injuries and lack of varsity experience hampered the Indian squad. Although the Braves gave some of the teams in the league a tough battle before losing, the West Side squad ended the season without a win.

The Indians opened the season against the eventual league victors, Franklin. It was the only game of the season which saw the Indians at full strength. In all the following games one or more key players were injured. The Indians rolled up 13 points against the Quakers, the most that any team scored against them all season. The green wave had too much for the Indians as they stopped them, 20-13.

Next the West Seattle team squared off in a tough game with Roosevelt who blanked the Indians, 12-0.

Lincoln's Lynx went touchdown crazy when they put 41 points on the scoreboard to none for the Indians.

In their best performance of the season the Braves were edged by the 1951 state champs, Ballard, 13-6. The Indians threw a scare into the second-place Bevos but were unable to beat them.

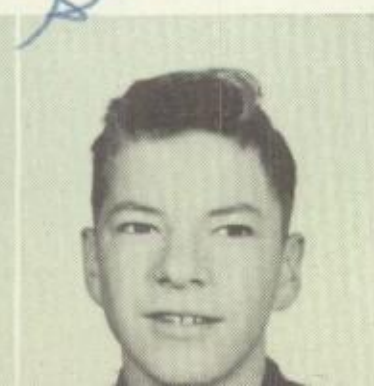

Garfield's third-place Bulldogs handed the Indians a 41-6 loss as they went on a wild first-period scoring spree. Garfield jumped to a 7-0 lead on the opening kickoff and were never headed by the West Siders.

The Indians came close to beating the Queen Anne Grizzlies but a fumble and a long run sank the Braves to the tune of 14-0.

Cleveland's Eagles rolled into the Memorial Stadium ready for their second win of the season. West Seattle was unable to stem the tide and the Eagles won by a surprising 32-0 score.

He Bill, well, the team is almost at a standstill with you - have fun this summer - Be good. Stu

Although the record book showed the Indians with only two wins for the 1952-53 hoop season, it doesn't depict the true West Seattle team.

The Indians were a hard-fighting team with plenty of spirit and the will to win. Playing heads-up ball, the team had its finest moment of the season as they beat the highly touted Franklin Quakers.

Several of the West Seattle losses were exceptionally close games that the Indians could have won with a few breaks.

The Indians of 1953 were a tough team to beat with a fine group of boys who kept West Seattle's name associated with a hard-playing, hard-working, high-caliber team.

Row 1: Managers—Mike Anderson, Russell Dow, Doug Miller.

Row 2: Gerry Nohr, Gary Sikes, John Sather, Stan Martysus.

Row 3: Jim Harryman, Larry Lidstrom, Kim Matsdorf.

Top Row: Coach Bud Pripp.

SECOND TEAM

(Second team strong). The champions of West Seattle this year were the second team. Winning five games and losing seven was good enough to earn fifth place in the league.

Led by Stan Martysus, the Indian Seconds played consistently good ball throughout the year and should show the fans considerable improvement by next season.

THIRD TEAM

(Thirds lack experience). Coach Schall's Papooses were big and strong but lacked the experience to finish high in the league.

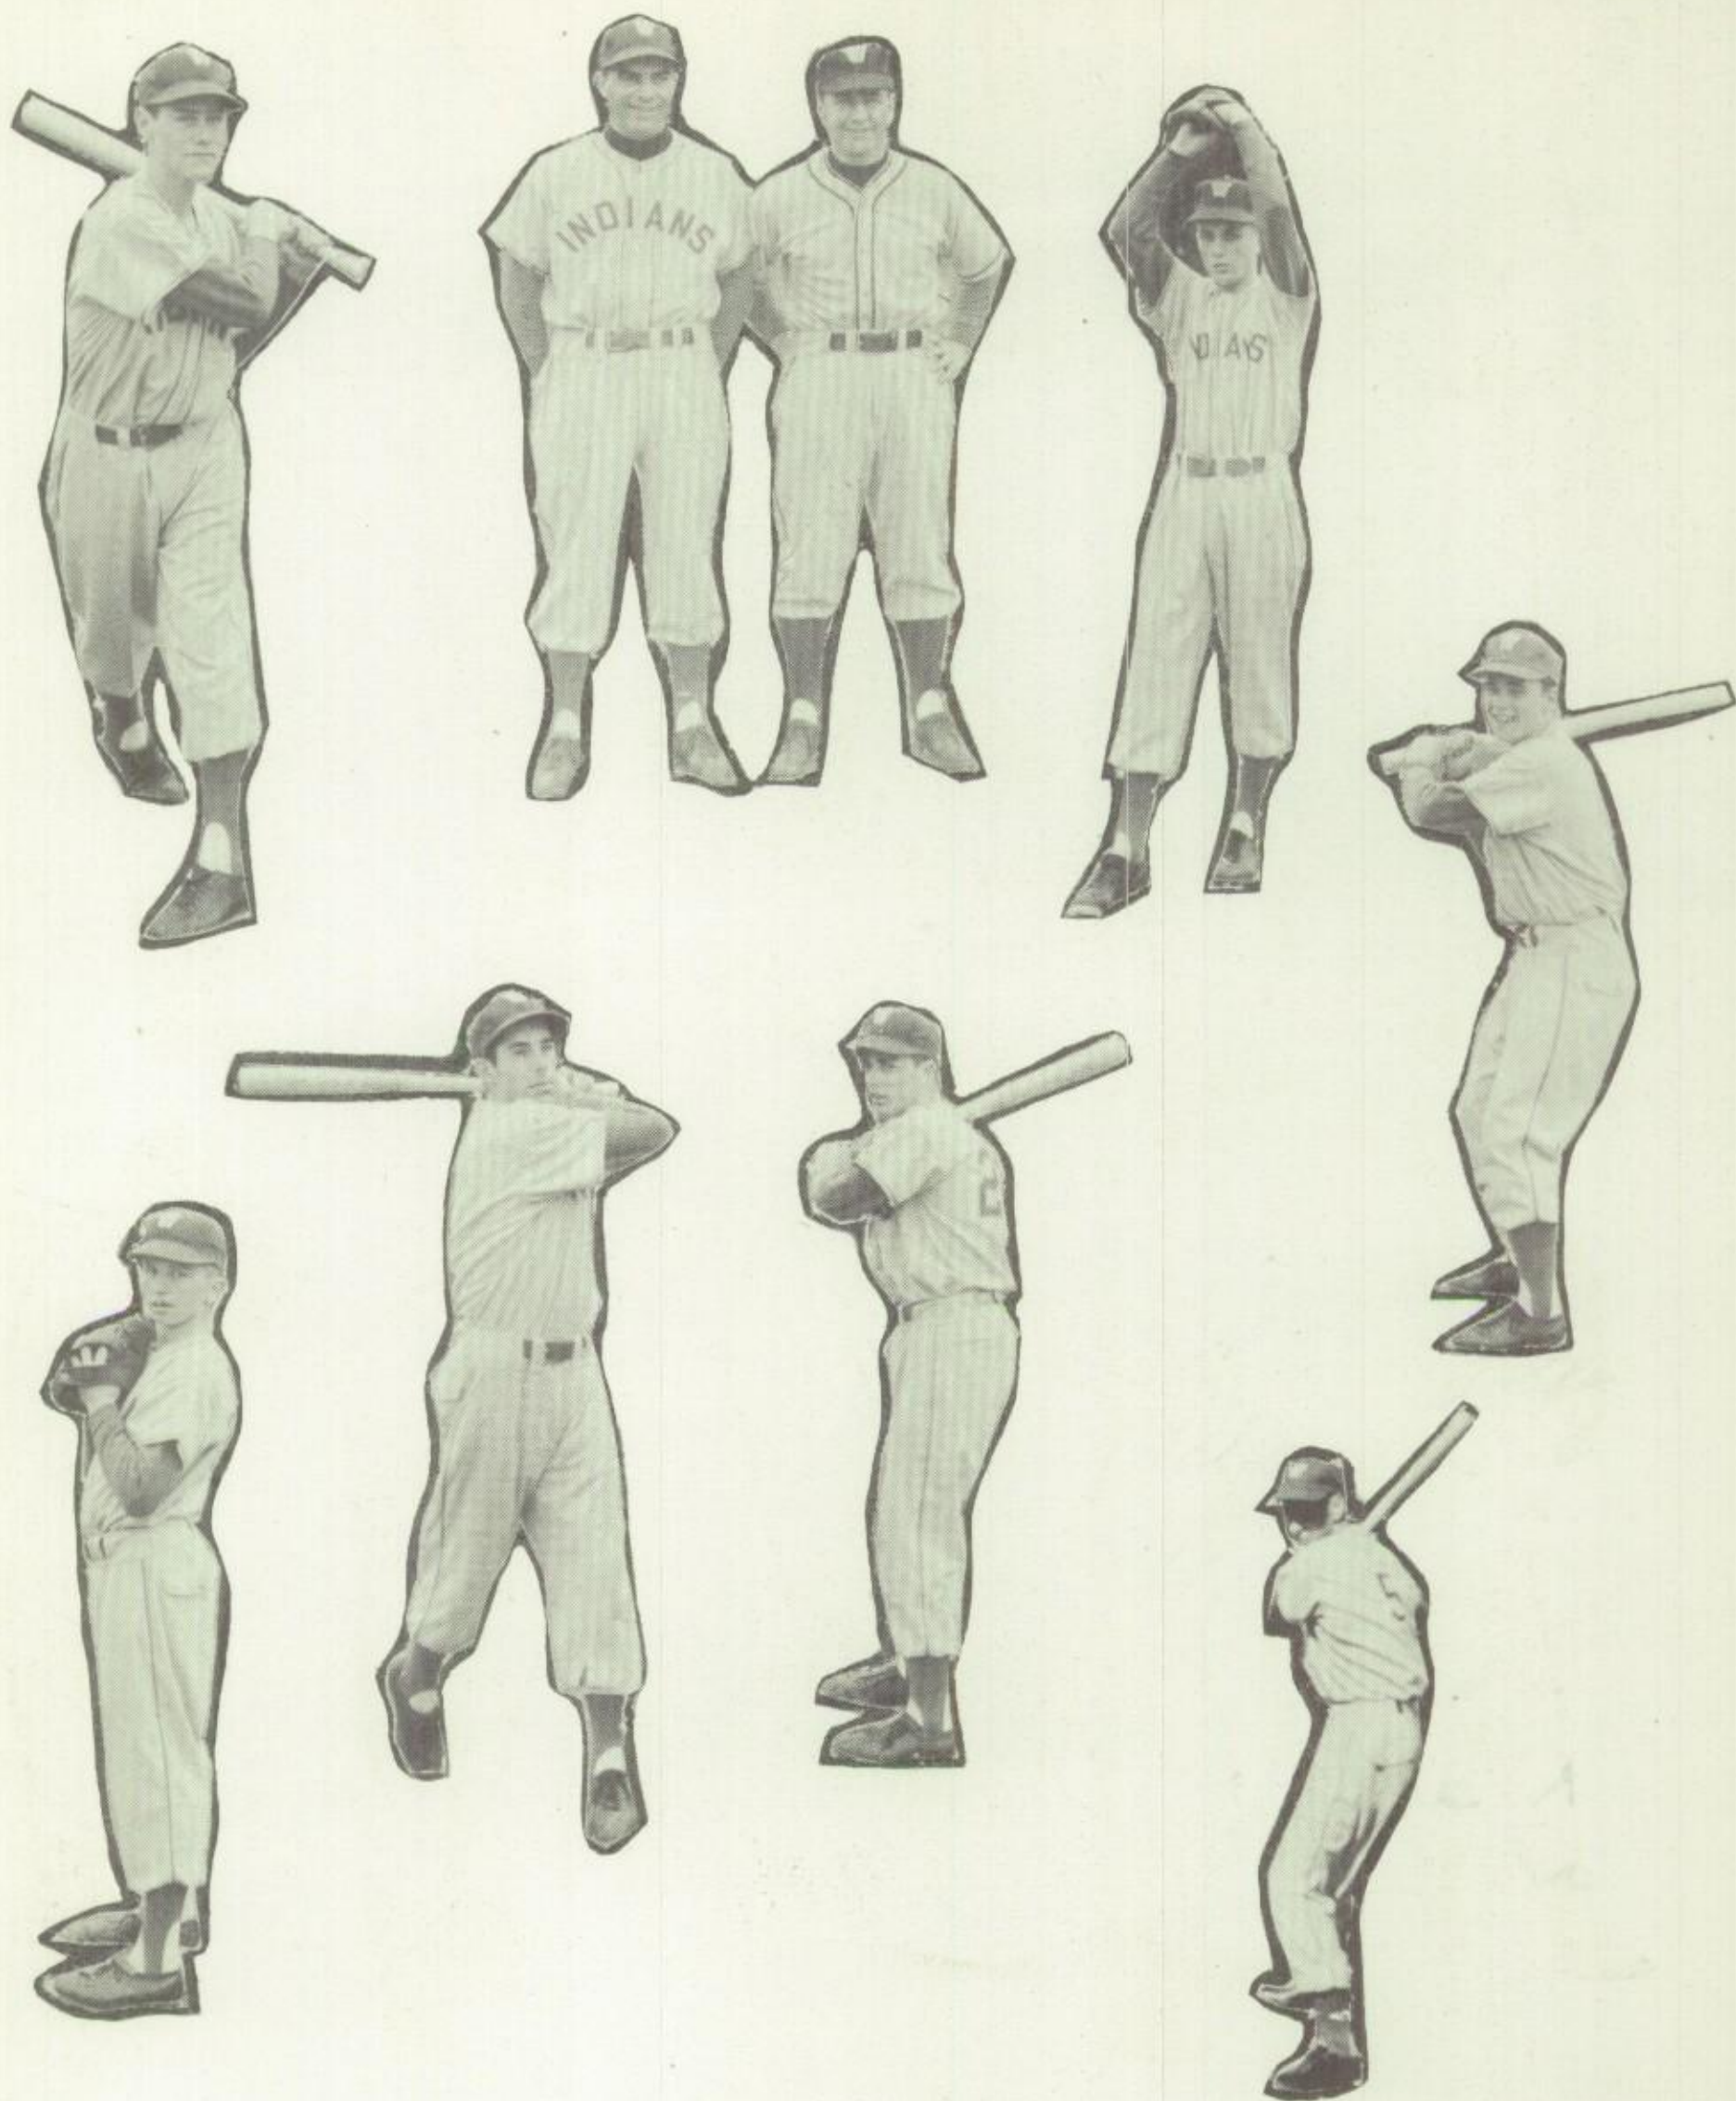

Kim Matsdorf, until he was put on the second team, was the high scorer. Boys showing promise for next year were Ted Foss, George Williams, Wayne Homestead and Wayne Easton.

Row 1: Managers — Mike Anderson, Doug Miller.

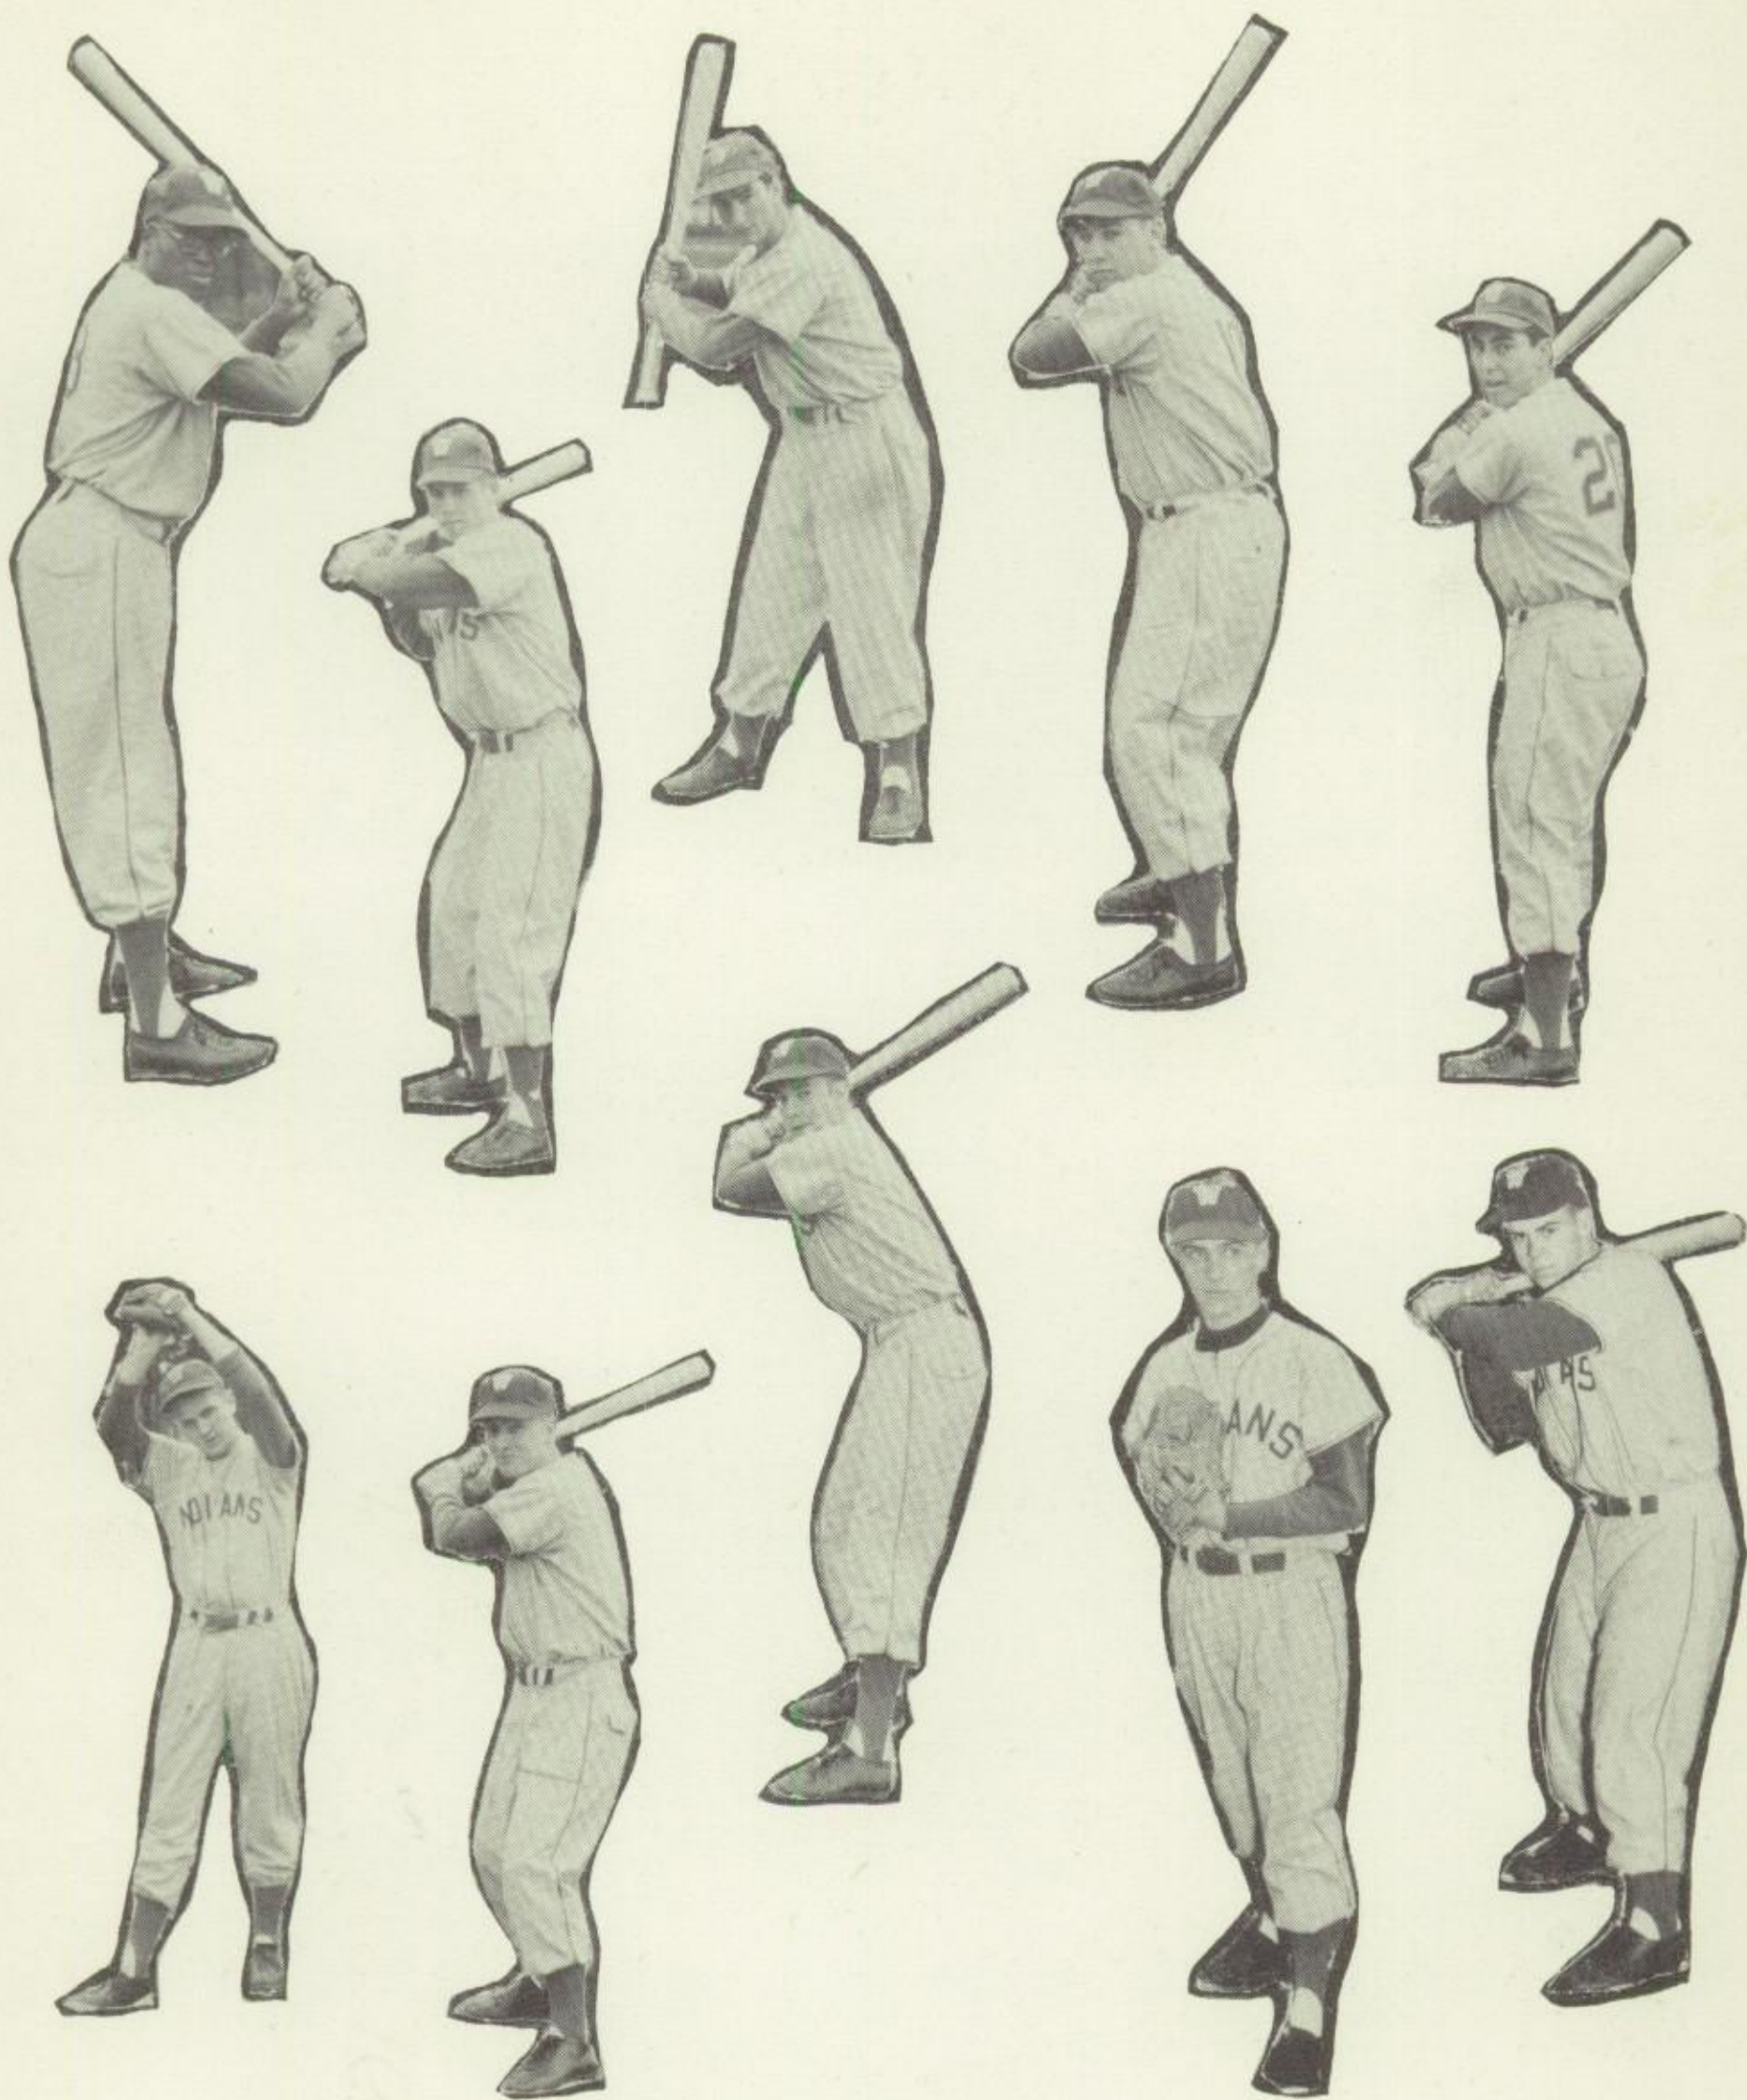

Row 2: Dick Morgan, Dick Stevens, Wayne Homestead, Paul Theory, Coach Schall.

Row 3: Dave Coghill, Carl Hagstrom, Ted Foss, Wayne Easton.

Back Row: Jim Harryman, 2nd base; Coach Budd Pripp, Assistant Coach John Boitano; Dave Olson, pitcher. **Front Row:** Eddie Bangsund, pitcher; Stan Martysus, pitcher, 3rd base, outfield; Jack Chesterfield, left field, 3rd base; Don Nelson, catcher; Bob Lingenfelter, catcher.

Baseball

Back Row: Ozzie Williams, 1st base; Bob Jacobs, shortstop; Phil Robicheau, 3rd base; Teddy Paul, outfield; Wayne Traversie, outfield.
Front Row: Lyle Richardson, pitcher; Bill Braun, center field; Jack Jasperse, right field; Joe Knighton, pitcher; Bob Doxie, 3rd base.

Baseball

West Seattle's baseball team showed signs of brilliancy this year, although the standings didn't show it. The team had 4 wins and 6 losses as this book went to press.

Leading hitter on the team so far is Jack Jaspers.. Dave Olson is the leading pitcher with 4 wins and 3 losses. Bob Jacobs, sophomore shortstop, is playing consistently good ball and is bolstering the team greatly. Don Nelson is filling his brother's shoes very capably as he has shown signs of becoming a top-flight catcher.

All in all, the team deserves a lot of credit for the job they are doing and we hope they are on the top when the season is ended.

The track team was very strong in running speed and weak in the field events this year. They lost two very close matches this year so far and have won none. If they were a little bit stronger in the field events they might be winning more than their share of matches.

With four more league matches left, the Indian "trackies" could still finish a very successful season.

Girls' Sports

Girls' sports prepare today's girl to be the healthy woman of tomorrow. Through physical education girls learn co-ordination, sportsmanship and fellowship. Girls today are no longer ignorant of sports and their rules. They learn sports in which they can participate throughout their lives. Sophomores

The first day of school it was apparent that the class of "55" had growing pains. From the 424 members of last year we had grown to 641.

The first business of the class (after election of officers and representatives) was that of Class Cards. As a result of voting, our colors are Turquoise and Silver, the flower is the Gardenia, and the motto—"The Elevator to Success Is Out of Order, We'll Take the Stairs."

The "Tinsel Tussell" was the name of the dance we sponsored during Christmas vacation. Due to the help and cooperation of all involved, it proved to be one of the most successful P.T.A. dances in years.

Future dances, drives, and other activities we have planned can and will be successful as a result of the work and enthusiasm shown by the Sophomores.

Our class has been well represented in school activities and sports. This representation will continue.

When we are no longer in high school we hope our class, the class of "55", will be remembered as: a class with pep, a class with enthusiasm, a class with honor—working together to get things done.

Juniors

This year we Juniors have shown ourselves well around the school. After two years of getting acquainted with West Seattle and becoming accustomed to its routines, we, as upperclassmen, have taken an active part in school life.

During the first few weeks of school we drew up the Class Cards and they were distributed. Our next project was an assembly in November to commemorate Washington's admission to the Union. The next week we held a dance, "The Tootsie Trot," with the assistance of the P.T.A. The plans for the Senior Prom, began in December, progressed rapidly to make a fine farewell for the Seniors this June.

The class has given wonderful cooperation in our various activities this year, but without the help of our sponsor, Mr. Rakus, we could not have accomplished half of what we did.

Scholastically speaking, our class has been outstanding in a number of ways. This was due to the excellent counseling by Miss Phillips.

With their continued help we have laid the foundation for a bigger and better class next year.

PRESIDENT'S MESSAGE

As our last year of high school comes to an end we think how wonderful it would be if we could do it all over again, starting from way back when we were Freshmen. We have made wonderful friendships since then in many unforgettable activities. The dancing lessons when we were Frosh; sponsoring dances, writing a constitution, taking part in drives, decorating the assembly for the Senior Baccalaureate and putting on that glamour prom!

Leading us in our Freshman year was fun-loving Andy Jackson, good as his name; scholarly Guy Farmer guided us through as Sophomores and amiable Bob Doxie saw our Junior year to a close.

Now our Senior year filled with so many activities is fast passing by and we realize suddenly that our high school career is the most exciting time of our lives and we want to make the most of it. We are experiencing the thrill of becoming upper classmen; of putting our shoulders to the wheel in making this an outstanding year.

Nor will we forget the wise and helpful counselling and advice from Miss Dunn and Mrs. Hughs. And when the great event comes, when we receive our diplomas, I am sure we will all be honored to have been members of the class of '53.

JOHN SETH
Senior Class President

Advisor—Miss Hughes

Counselor—Miss Dunn

EDITORS THANKS

We're through at last and all we can say now is thanks. Mr. Earl Lightner and the crew at Lowman and Hanford have printed our book for four years and have always been patient with us, no matter what mistakes we made. Kennell Ellis Studio printed our pictures for us and we couldn't have gotten by without them or Mrs. Savory who filed the pictures.

The kids on the Kimtah staff have worked hard, from taking their own time to cut and glue pictures, to typing every word in this book. Our photographers have used many hours of their own time to take all the pictures we used. Everyone worked and worked and worked and we wish to thank them.

We all hope you enjoy your book.
